## How do I get the KÖNIGSCARD?

The KÖNIGSCARD is not available for over-the-counter purchase. You will receive your card directly from your host when you check in at your accommodation.

You can find all KÖNIGSCARD hosts at [www.koenigscard.com/unterkuenfte](http://www.koenigscard.com/unterkuenfte).

## How does the KÖNIGSCARD work?

With the KÖNIGSCARD you can take advantage of as many offers as you like for free.

For easy planning of your vacation, you will receive this experience guide in which you will find all the royal experiences. Each person staying with the KÖNIGSCARD host receives their own KÖNIGSCARD.

## How often can I benefit?

Depending on the services offered, we distinguish between 2 different usage variants:

---

1x per day - The service offer can be used once every day of your stay

---

1x per week - If you are on vacation for more than one week with the KÖNIGSCARD, this service can be used a second time from the 8th overnight stay, a third time from the 15th overnight stay and so on.

---

Please note:

Only one service per day can be used within the mountain railroad, ski trip and bathing areas.

---

Example: After using a cable car, the next cable car can only be used on the following day. The combination of cable car, boat trip and swimming is possible on the same day, for example.

Opening hours, dates and usage options can be found under the respective service. Some services can only be used once a week, e.g. e-bike rental.

---

# Allgäu

# Allgäu

All the imposing Bavarian royal castles - whether fairy-tale like Neuschwanstein and Hohenschwangau or fortress-like like Falkenstein, Freyberg and Eisenberg - are located in the Ostallgäu region, the part of the Allgäu where the KÖNIGSCARD is at home.

It ranges from the gentle hills of the Alpine foothills to panoramic views of the Zugspitze and the glittering lake landscape. The hiking and cycling region connects Lake Constance and Königssee.

# Allgäu

# Tyrol

Originating in Vorarlberg, the "Licca - der Schnelle" flows between the Allgäu and Lechtal Alps through Tyrol. Later known as "der Steinige", it characterizes one of the most natural and pristine river regions in Central Europe.

The wide and gravelly wild river landscape with its predestined hiking trail is the link between Arlberg and Allgäu. A natural jewel that is well protected by the Reutte nature park region. The Lech and its floodplain forests are a last refuge for many plant and animal species with botanical and zoological rarities.

The district capital of Reutte and the region were already protected centuries ago: its castles are still visible from afar today.

# Upper Bavaria

## Ammergau Alps

The Ammergau Alps with the famous towns of Oberammergau, Unterammergau, Bad Kohlgrub and Ettal Monastery nestle up against the Allgäu in the east and lead the Upper Bavarian Alpine foothills. The highlight of this region is the unsurpassed Zugspitze with the Wetterstein mountain range.

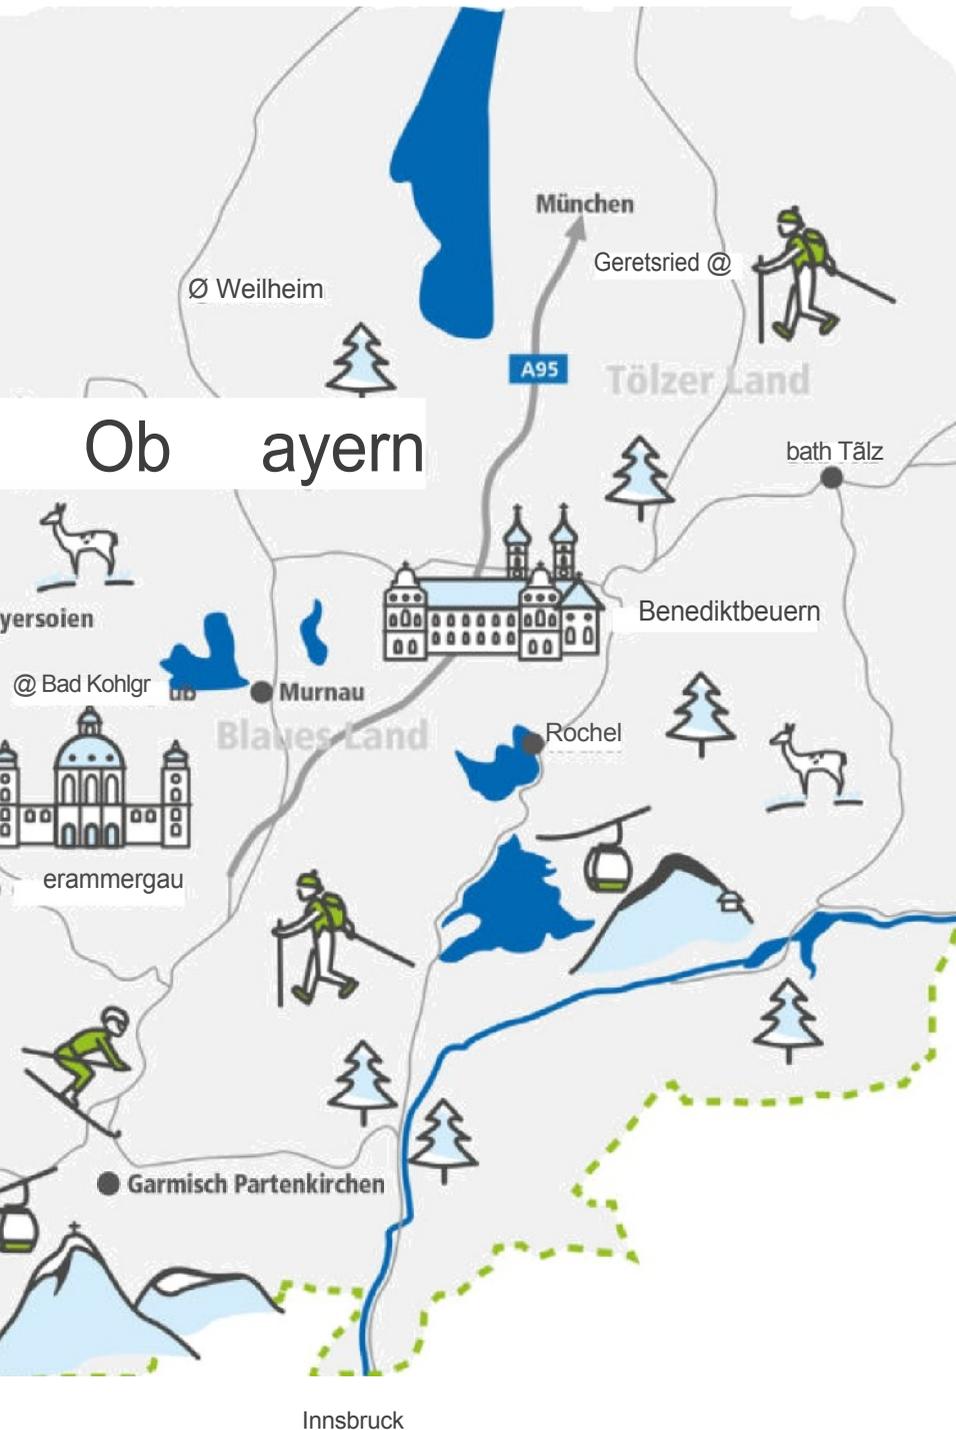

## PfaGen angle

Between Lech and Loisach, with lush green meadows, dense forests, untouched moors, picture-perfect lakes and idyllic river landscapes, the beauty of southern Bavaria is revealed - in the Pfaffenwinkel. The name lives up to its promise: there is hardly any other region with such a density of monasteries and baroque churches as here. The Wieskirche church in Steingaden is even a World Heritage Site.

## Tölzer Land

Bright yellow dandelion meadows in front of snow-covered peaks, crystal-clear streams and deep blue lakes, in between magnificent farms and small villages with striking onion domes towering into the white-blue sky: the Tölzer Land region, which begins south of Munich on Lake Starnberg and extends to the Tyrolean border, captivates with its genuine Bavarian picture-book idyll.

In the **BADEHAUS** in Waldram (formerly Föhrenwald), can be experienced as if in fast motion: from 1940, the National Socialists built a model settlement for armaments workers in the Wolfratshaus forest. Towards the end of the war, the concentration camp death march passed here. Föhrenwald then became a camp for Jewish displaced persons who had survived the Ho- locaust. From 1956, mostly Catholic displaced persons with many children were settled here and the village was renamed Waldram. Traces of this unique migration history can still be found here today. It is told and in multimedia form in the newly erected **BADEHAUS** memorial site. A citizens' initiative saved the building from demolition and created a place remembrance, encounters and learning.
